SCHOOL SONG

(Tune – Notre Dame Fight Song)

Cheer, Cheer for old Lewiston High,
Wake up the spirit, don't let it die,
Send a roaring cheer on high,
Shake down the thunder from the sky,
What though the odds be great or small,
Old Lewiston High will win over all
While her loyal sons are marching
Onward to victory. Rah! Rah! Rah!

(Repeat faster)

(ALMA MATER)

(Tune – Halls of Ivy)

Oh, we love our Alma Mater
And we pledge ourselves to thee
You place before us glory
For the whole world to see
Oh, beyond the halls familiar
Lie the pages of our past.
And Lewiston High we won't forget thee
Long may you last.
We sing our cheers aloud
Our voices strong, and proud
Your fame will e'er remain
Throughout your years;
We hold our banners high,
Our spirits never die,
Through thee, dear Lewiston High,
We conquer fear.
So to thee, our Alma Mater,
Do we sing our songs in praise,
With mem'ries of the past
And dreams of future days.

ATTENDANCE POLICY

Please call the Attendance Office directly at 208-748-3118.

Idaho Code 33-202 stipulates that attendance is compulsory for all children between the ages of seven and sixteen years and that parents or guardians are responsible to ensure that children are in attendance.

The Board of Directors considers full-time attendance to be an essential element in the student's educational process. Regular attendance fosters a climate conducive to learning, perpetuates effective teaching, protects the integrity of the scholastic day and ensures quality education. There is a clear connection between student academic success and consistent school attendance. It is the belief of the LHS administration, faculty and staff that regular school attendance is an essential prerequisite to a successful learning environment.

We believe that the student's presence in the classroom and regular contact with the classroom teacher is a necessary part of the learning experience. Even when students achieve an acceptable level of academic performance coincidental with irregular attendance, a significant aspect of their learning experience is missed.

Irregular attendance can create unreasonable demands on the learning experience of all students by disrupting the pace and organization of classroom instruction. Irregular attendance can shift the work demands of the classroom teacher making less time available to direct the learning experiences of students who attend regularly.

Student attendance is a prerequisite for academic credit. In order to receive academic credit for a class a student must meet the academic standard determined by the classroom teacher and the attendance standard as follows:

A. Communication Procedure

Parents/guardians will be notified in writing when their student accumulates three (3) absences AND six (6) absences during the semester.

Students with ongoing attendance problems will be referred to the administration to determine action to be taken. If a student exceeds six (6) absences in any class during the semester, credit may be withheld.

B. Credit Denial Notification

Parents/guardians will be notified in writing if credit was or will be withheld.

C. Appeals Procedure

If a determination is made to withhold credit, the student and parent/guardian may make an appeal.

If an appeal is made, it is the responsibility of the student/parents to provide substantial documentation that:

- (1) Clears up unverified absences, unexcused absences or trancies.
- (2) Illustrates extenuating circumstances that led to excessive absences.
- (3) Defines health or legal issues preventing the student from attending school.

D. Appeals Process

The two following steps are established to guide students and parents through the appeals process.

1. An attendance/appeals committee will review the records and the circumstances and determine whether or not the student will receive credit. Each secondary building will have an attendance/appeal committee.
2. The decision of the attendance/appeals committee may be appealed to the superintendent or designee. The appeal must be submitted to the superintendent within ten (10) working days after receiving the decision from the attendance/appeals committee. The decision of the superintendent or designee is final.

ABSENCES

Absence from school will be documented under three categories: (1) excused, (2) unexcused, and (3) truancy.

Excused Absences: Excused absences are personal illness, and family emergencies.

Prearranged Absences(Excused)

Whenever students are aware beforehand that they will be absent, they must obtain a prearranged absence form from the attendance office. The request must come from a parent. Upon their return, students will be expected to be able to continue with the course work of each class.

Unexcused Absences: Absence for other reasons shall be considered unexcused. Work missed during an unexcused absence may be made up for credit. Students who have unexcused absences may receive Administrative disciplinary action.

Parents/Guardians are encouraged to provide 3rd party verification (doctor, dentist, etc.) as soon as possible when the student is absent and when applicable.

NOTE: Student employment (work) will not be considered an excused absence under any circumstances

Truancy: Willful absence of the student without the knowledge of the school or parents is considered truancy. It is unexcused and may lead to expulsion from school. Purposely missing one class to complete work for that class or another is considered truancy as well. Assignments missed due to a truancy will not receive credit. Students who are truant will receive Administrative disciplinary action.

Parent Communication Procedure

The parent or guardian is required to call on the day a student is absent from school. If no call is made, a written note should be sent with the student on the day of return to school. The note should describe the reason for the absence.

Absences **must** be cleared within two (2) school days after the student returns to school. If no contact from the parent or guardian is made, the absences will be coded as **truant**.

IT IS THE RESPONSIBILITY OF THE STUDENT/PARENT TO CLEAR THE ABSENCES.

CHECKING IN/OUT OF SCHOOL

When a student arrives at school at times other than the regular start of his or her school day, he/she must sign in at the attendance office.

When a student checks out of school, a phone call or note from the parents or guardians requesting the absence will be presented to the attendance office.

When a student becomes ill at school, he/she must check out at the attendance office. The attendance office will call home and release the student with parent/guardian permission. If a guardian is not available to excuse the student, an **administrator** may sign the student out. The absence will be unexcused until their parent confirms the checkout with a call or note.

If a student leaves school and does not check out at the attendance office, the absence will be defined as TRUANT.

HOMEWORK MAKE-UP POLICY

- Students are to get the missed work from their instructor the day they return to school whether or not they have class with that instructor the day of return. For example, if a student is gone on Monday and they return on Tuesday, they are to get the missed work on Tuesday and have it completed by Wednesday.
- Students who have unforeseen excused absences from class will have the number of school days missed to make-up the work. For example, if a student is absent on Monday and Tuesday, they would get Wednesday and Thursday to make up the work and have it completed and submitted to their instructors by Friday.
- Students who miss at least one class up to one day of school due to a scheduled event (school activity, scheduled appointment, etc.) are to get the material in advance of the absence and have it completed upon return to class.
- Students who have planned absences in excess of one day for any activity are to make arrangements with their instructors prior to leaving.
- Assignments (portfolios, Senior Project, etc.) that have long term deadlines are due on or before the deadline.

Assessments are to be taken on their scheduled day regardless of absences unless prior arrangements have been made with the instructor.

TARDY POLICY

One important purpose of education is to teach responsibility and respect. Punctuality is an important skill to learn and it is the intent of Lewiston High School to emphasize being on time. Tardiness disrupts the educational process for all students. Students are expected to be on time to class. **All tardies are unexcused unless medical documentation is provided.**

1st -Tardy- Teacher disciplinary action

2nd Tardy-Teacher disciplinary action

3rd Tardy- Teacher disciplinary action

4th and subsequent Tardies-Administrative disciplinary action in addition to teacher disciplinary action.

Teacher disciplinary action ranges from a reprimand to detention. Detention could be served with the teacher before or after school or assigned to be served during lunch with the detention monitor.

ACADEMIC TARDY

A tardy is considered an academic tardy when the student is tardy by more than 15 minutes to any class. If a student is academically tardy, then they are required to sign in at the attendance office and receive Administrative disciplinary action.

Administrative disciplinary action may include a reprimand, detention, Saturday School, suspension, or removal from class for continued disruption.

HOMEWORK REGULATIONS

Homework is varied assignments intended to be carried out during non-teaching hours. Homework is an important part of learning. The ultimate goal of homework is to enhance learning outside the classroom and beyond the school day.

Teachers and parents/guardians share the responsibilities for motivating and providing opportunities for homework. The student has the ultimate responsibility for the successful completion of homework. Responsibilities include:

- Develop regular study habits and teach responsibility
- Foster communication between the school and home
- Provide a different learning environment
- Provide information about lesson effectiveness, student knowledge, and student effort
- Provide independent practice and/or reinforce skills
- Extend classroom learning
- Improve academic achievement
- Prepare the student for future lessons

In the event that a parent/guardian is concerned about homework, the concern should be resolved by meeting with the teacher. If the matter is not resolved, the following conference steps should be followed: (1) parent-teacher-building principal, and then (2) parent-teacher-building principal-superintendent or designee.

NUMBER OF CLASSES

All students are required to enroll in eight (8) classes. Students will be accountable for all eight (8) class periods. They must be in attendance for their scheduled study hall, teacher aide, field experience, and/or college class.

PARENT-TEACHER CONFERENCES

Parents will be notified of conference dates and times by the school. Parents are strongly urged to make a special effort to attend. If parents wish to schedule additional conferences during the school year, they may do so by contacting the counselors.

PROGRESS REPORTS

Parents will be able to access current grades on-line through the Power School program two weeks after the start of each semester. Progress reports will be emailed out every two weeks (current email needs to be on file).

REPORT CARDS AND GRADING

Report cards will be issued at the end of each nine-week period. Grade point averages will be calculated on the following basis:

- 90-100 = A - Excellent
- 80-89 = B - Above average
- 70-79 = C - Average
- 60-69 = D - Passing
- 0-59 = F - Failure
- I - Incomplete
- P - Passing - receives credit but does not count in grade point average
- W - Withdrawal, no credit
- NC - No credit
- * - Asterisked letter grades indicate modified curriculum.

SCHEDULE CHANGES

- ALL changes require a parent signature.
- After the first day, changes will only be allowed before or after school or during lunch.
- Schedules changes must be made prior to the 5th day of the semester.
- Students must complete the Request to Change Form and submit it to their counselor for a schedule change to be considered. Students will only receive one form.

Schedule changes will be considered based upon the following criteria:

1. The student has been miss-assigned in a course.
2. The student has previously completed the course.
3. The student has taken the course from the same teacher and failed.
4. The availability of space in the class.

A withdrawal requires parent and teacher signatures and the availability of Study Hall. For the first four weeks of each semester, a withdrawal will result in a "W" on their transcript and they receive no credit for the class. After the fourth week, students who withdraw from a class receive an "F" on their transcript and no credit for the class.

LHS Counseling Center Guidelines

NEW STUDENTS

In the event there is an addition of a student to a class after the final day of schedule changes their counselor will email the student's teachers and include transfer grades. Credits earned outside of LHS will appear on the student's transcript as NC with credit value to match each semesters' credits equal to LHS (6 each semester for 9th grade and 8 for 10th-12th).

TRANSCRIBING CREDITS FROM OUTSIDE INSTITUTIONS (EX: UPWARD BOUND)

- If a student earned 60-70 hours in one content area, the student's grade will be transcribed in the content area in which the grade was earned.
- If hours must be combined in separate content areas, the grade will be transcribed as a P with elective credit.

ONLINE CLASSES

Online classes are only available as overload if the class is offered at LHS, except with administration approval. If the class is during school, the student is expected to be in attendance.

HOMESCHOOL STUDENTS (HS)

- HS students can sign up for IDLA courses without being enrolled in classes at LHS. IDLA classes must be paid out of pocket if the student is not enrolled full-time at LHS.
- To access Advanced Opportunity funds students must be enrolled at least half-time at LHS.

 - May take English 102 for a semester of English 12.
- If a student is full-time on LCSC's campus, they must take at least 12 credits (four classes) per semester.

- HS students must be scheduled for 8 credits between LCSC and LHS (study hall is not an option).
- If a student is part-time LCSC and part-time LHS, they must take at least 10 credits per semester.
- Courses taken for dual credit at LHS count towards this total by value of college credit for the year (divide in half for year-long courses).
- AP classes count as three credits for the year (1.5 per semester).
- Students who drop below this may not take classes at LCSC the next semester.
- All college credits taken while enrolled in high school will be transcribed by LHS. The grade you receive in your LCSC class will be transcribed on your high school transcript.
- If a student withdraws from an LCSC course, LHS will transcribe the same grade as the college, including a W.
- Failure to pass a certification exam paid for by Advanced Opportunities funds will not impact future funding. Students who fail an online course using Advanced Opportunities funding are still eligible to use the funding for dual credit courses and vice-versa.
- If the student fails a course on LCSC's campus, they cannot take another on campus class the next semester, with the exception of the class(es) they failed the previous semester which they pay for at their own expense.

STUDY HALL

Study Hall requires administrator approval and is limited to students who are in rigorous coursework (at least 3 AP, honors or dual credit courses), have struggled academically, or are enrolled in online coursework.

Furthermore, such abuse results in behavior that adversely interferes with one's performance at school, adversely affects one's health, and may endanger the safety and wellbeing of others. The District and community resources are committed to actively confronting this problem and shall take positive, encouraging, and supportive action through education, training, counseling, peer support, family involvement, and appropriate referrals to community support groups.

Because of the pervasive nature of substance abuse, it is essential that it be viewed as a total community problem, one in which the school, family, local law enforcement, and treatment agencies share in the responsibility for prevention and intervention.

1. Definition

Substance abuse is defined as the use of a substance, lawful or illicit, which results in a student's educational, emotional, social, and/or physical impairment.

2. Policy Statement

Prevention is the first step in deterring harmful involvement with substances. The District will implement an integrated curriculum approach to prevention directed toward providing students with appropriate information and developmental experiences, which will enable them to make responsible decisions regarding substance usage.

While student substance abuse will not be tolerated, the school will assist the harmfully involved student in seeking supportive and rehabilitative services within and outside the school setting, every effort will be made to ensure a successful continuation in/or re-entry into the school program.

The administration is charged with implementation of this policy through procedures that provide for prevention, identification of the substance-abusing student, facilitating intervention with provisions for appropriate support services, and continuation of staff training.

Legal Consequences

Manufacture, distribution, dispensing, possession, or use of illicit drugs is against Lewiston School District policy and is against the law! Legal consequences can be severe, including loss of driving privileges and/or monetary fines and/or imprisonment.

Lewiston School District Sanctions

Disciplinary sanctions up to and including expulsion and referral for prosecution will be imposed on students and employees who violate the standards of conduct. Any student who violates the standards of conduct will be dealt with according to the Student Discipline Code.

Procedures

A. Self-Referral and Voluntary Disclosures

Students who have problems with substance abuse may seek assistance from a student assistance resource person (SARP). SARPs may include both faculty and students specially trained to discuss substance abuse and locally available options for assessment and treatment

Any student who voluntarily discloses using or being under the influence of alcohol or any controlled substance **WHILE ON SCHOOL PROPERTY OR AT A SCHOOL FUNCTION** before he/she is reasonably suspected to be in violation, will be provided anonymity to the extent that disclosure is held confidential on a faculty “need to know” basis. Notification will be provided to the parents(s)/legal guardian(s). Counseling at the school level and appropriate referral for additional community services will be offered. In the case of an unsafe situation, District personnel may call law enforcement or medical personnel.

B. Identification-Intervention

1. Student exhibits behavior(s) of concern--substance abuse suspected

- a. Definition of “Reasonable Cause/Suspicion” as defined in Idaho Code 33-210 “means an act of judgment based upon training in recognizing signs and symptoms of alcohol and controlled substance abuse, which leads to a reasonable and prudent belief that a violation has occurred.” The fact that a student has previously disclosed use of a controlled substance or alcohol shall not be deemed a factor in determining a reasonable suspicion at a later date.
- b. An administrator or designee will notify the student’s parent, guardian, or custodian when the student is reasonably suspected of using or being under the influence of alcohol or a controlled substance. Additionally, the administrator or designee will report the incident to law enforcement.
- c. The school’s student assistance resource team (SART) will gather data from other school staff members who work with the referred student.
- d. The school’s SART may meet to consider possibilities for further action.
 - (1) SART may gather data from other school members who work with the referred student and will conduct a pre-assessment interview with the referred student.
 - (2) SART will meet to determine if the current information constitutes “reasonable cause/suspicion” of substance abuse.
 - (3) Principal or SART contacts parent(s) to gather additional data and share concerns about suspected substance abuse.

(4) If substance abuse is confirmed or if it is determined that there is reasonable cause/suspicion that there is substance abuse, other possible interventions may include:

- (a) Referral for formal substance abuse evaluation (at parent expense).
- (b) Attendance at awareness sessions addressing substance abuse/dependency.
- (c) Referral to supervised treatment program, residential or outpatient (at parent expense).
- (d) Referral of student and/or family to appropriate school or community support groups.
- (e) Referral for medical and/or psychological assessment (at parent expense).

If the student has violated the Student Discipline Code, established procedures will be followed.

2. Substance abuse witnessed

A violation occurs when a student uses, is under the influence of, possesses, or distributes alcohol or a controlled substance on school grounds or at school-sponsored events wherever held.

a. Staff member will attempt to obtain student's identity and, if appropriate, inform student of observed violation.

(1) If an incident occurs during the instructional day, the student should be asked to accompany staff member to the office or a reasonable attempt should be made to detain student until school officialS can assume responsibility.

(2) If an incident occurs outside the instructional day, a reasonable attempt should be made to detain the student until an administrator or law enforcement official can assume responsibility for further action. Given the potential volatility of a confrontation, a "reasonable attempt to detain" may consist of nothing more than a verbal directive.

In either event, it is important that a staff member obtains the identity of any other witnesses and/or confiscates substance or evidence substantiating its abuse.

b. Staff member will immediately report incidents of substance abuse to the principal along with details relating to the incident.

- c. If the principal can corroborate that a substance abuse incident has occurred, the following steps should be taken. In addition, actions should be considered in accordance with the Student Discipline Code.

APPENDIX C

DIRECTORY INFORMATION DISCLOSURE

Independent School District No. 1, Lewiston, may disclose "directory information" from the education record without prior parental consent after giving notice of its intention to do so. "Directory information" is information in a student's education records that is not generally considered harmful, and its release is not considered an invasion of the student's privacy. A critical distinction exists between directory information and all other information present in school files. Independent School District No. 1 may determine how much directory information from education records will be disclosed. Directory information includes, but is not limited to, the following data about the student:

- a. student's name,
- b. address,
- c. date and place of birth,
- d. telephone number,
- e. participation in officially recognized activities and sports,
- f. weight and height as a member of an athletic team,
- g. class designation,
- h. dates (but not a day-to-day record) of enrollment,
- i. diploma and awards received,
- j. school or school district where the student was previously in attendance,
- k. official activities,
- l. photographs or video productions of students used by the District for recognition of student achievement and community relations, including, but not limited to, publications in the District's or school's newsletters, in the school setting and on the District's or school's website.

This District shall provide, on the request made by military recruiters or an institution of higher education, access to secondary school students' names, addresses, and telephone listings unless a parent or secondary student requests, in writing, that the student's name, address, and telephone listing not be released without prior written parental consent.

This District may disclose directory information about former students without notice.

Independent School District No. 1 considers these items to be directory information. In most instances, disclosure is helpful to both the institution and the student. In addition, two (2) federal laws require Independent School District No. 1 to provide military recruiters, upon request, with three (3) directory information categories: names, addresses and telephone listings. Parents can, however, retain the right to consent to the disclosure of directory information. Parents who wish to retain this right must so advise the District by sending a written notice to:

Lewiston, ID 83501

Please be sure to include the name of the student, school the student attends, and provide the signature of the parent/guardian or adult student.

APPENDIX D

Educational Rights And Privacy Act Requirements (FERPA)

Notice of Compliance

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. They are:

- (1) The right to inspect and review the student’s educational records within 45 days of the day the District receives a request for access.

Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- (2) The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask Independent School District No. 1, Lewiston, to amend a record that they believe is inaccurate or misleading. They should write to the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- (3) The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

- (4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:
